

Toffeln[®] 
Performance Footwear

toffeln.com

Helping you Work

When someone else has been in your shoes for over three decades you get to know that ergonomics can genuinely enhance your health and performance.

All Toffeln products have been designed with a clear focus on ergonomics, and with your health and performance as key factors in our product development.

This is because Toffeln are in the business of enabling professionals, working in demanding environments, to perform better, for longer. That's why our footwear combines all-day comfort, with enduring design and good value for money.

We know that the day-to-day demands on your feet are relentless and that this impacts on your entire body. By providing you with ergonomically designed footwear, we can ease the stress on your body and help take you through each day in comfort.

We also understand that because you're working in healthcare, the little details can help create that personal touch. So, we want to help you express your individuality and caring nature through our shoes. With a variety of styles and colourways on offer, you're sure to find something that's just right for you. Whether you opt for floral, day glo or paw prints, these small expressions of you as an individual can be hugely reassuring for anxious patients and carers.

Why Toffeln...

We'll help you find the right footwear – for even the most demanding environments – and we'll get it to you in the quickest time possible. We maintain our promise of giving you the best possible product, for the best possible deal.

Instock service

Our large stock and rapid despatch system ensure orders are turned around in the quickest time possible. All orders over two pairs are sent on a next day service, to most of the UK.

Advice line

Need help finding the right product? Our footwear advisors can talk through your requirements and recommend the best solution for you.

Toffeln

Helping you Work

To make sure your order is dealt with efficiently, please use the footwear order codes as shown below the miniature photos, followed by the size required.

(Sizes below 10 will need to be prefixed with a zero.)

All product data is available in excel if required.

White
0499 W
Sizes: 2.5-12

Example:

For this style in a **size 6** the order code is **0499W06**

For this style in a **size 10** the order code is **0499W10**

Taking care of you, from the feet up.

Long shifts spent on your feet working in demanding environments can take its toll on the whole body

At Toffeln after 36 years of developing work footwear your comfort and well-being is still at the heart of everything we do. Studying and researching working ergonomics and biomechanics with some of the top professionals in the world ensures that Toffeln footwear will help you to give your best, in comfort.

The diagram to the left shows you some of the built-in technology that you experience in every step you take in your pair of Toffeln footwear.

Style shown above is the **EziKlog**[®]. See page 22/23 for more details

UltraLite®

EziKlog®

The safest and most comfortable footwear in its class.

EziKlog® combines the comfort and support of our lightweight E-Tech™ material with our unique Grip-Safe® slip resistant and antistatic rubber sole.

Closed-top protection and angled side vents that prevent fluid penetration

Washable to 40°C

Anti-microbial and recyclable

Extremely lightweight, weighing less than 180g per clog

Non-marking, SRC rated, Slip-resistant, CE marked & antistatic

EziKlog®

Step into your comfort zone

Adjustable Heel Strap

Heel strap can be worn in forward or back positions.

Side Vents

Side vents specially shaped to prevent fluid penetration.

Antistatic System

Shock absorbing antistatic heel device specifically incorporated to meet static sensitive situations.

Closed-in Heel

Specially designed to hold the heel securely.

Grip-Safe® Sole

This unique sole not only gives excellent slip resistance, but also offers a much greater penetration resistance than other lightweight footwear available.

EziKlog® Insole

A cushioned insole that can be used with the EziKlog®. See page 34 for more details.

EziProtekt™

Designed especially for working environments, **EziProtekt™** combines radical featherweight comfort, an ultra-strong composite safety toe cap, the Grip-Safe® slip resistant sole, and correct support. It exceeds CE standards.

EziProtekt™

Heel to Toe Protection

Composite Toe Cap

Tested to 200 joules, this toe cap offers protection against a high level of impact and compression. Leaving enough room for your toes to spread naturally.

Side Vents (845 Style only)

Side vents are specially shaped to prevent fluid penetration.

Adjustable Strap

An adjustable strap provides extra confidence and security.

Closed-in Heel

The raised heel-back is specially designed to hold your heel securely.

Grip-Safe® Rubber Sole

Unique SRC superior slip-resistant sole does not mark, and offers greater penetration resistance than other lightweight footwear over the whole sole area.

EziProtekta® Insole

A cushioned insole is provided free with every EziProtekta® but its use is optional.

Durable leather uppers conceal the wide safety toe-caps that allow more room for your toes

Soft padded uppers and insoles

Slip-resistant soles

SterileClean™

Following the many requests for a simple footwear disinfecting system, we decided to research what infection control professionals advised.

This research led us to produce our **SterileClean™** system. This system is simple and safe to use on all Toffeln products coming out of contaminated areas. The whole process is generally completed in less than one minute

Step 1

Connect cleaning pad onto handle

Step 2

Spray solution onto cleaning pad

Step 3

Wipe over footwear

Step 4

Discard cleaning pad

PadHolder CODE: TPH1

- Easy connect and release device
- Length: 50cm

CleaningPad CODE: TCP50

- Soft density foam cleans the footwear easily
- Pack of 50

SterilisingSpray CODE: TSS1

- This product is for cold sterilising/disinfecting of footwear on an everyday basis
- Sporicidal, virucidal, anti-bacterial, fungicidal
