ANTIBACTERIAL MENU HOLDER, WASHABLE WITH SOAP AND WATER

"This line of Made in Italy PVC menu holders, printed with a JUTE effect finish and antibacterial certification, brings an innovative and exceptionally durable menu to the table. DAG Style offers an assortment of "fashion" colors to mix and match, for an eclectic table designed outside the box.

This item is suitable for both outdoor and indoor environments, perfect for a dynamic clientele ready to test its extreme resistance.

Advantages include low cost, refined appearance, and exceptional durability, ensuring comfortable and low-maintenance use.

What to know about this item:

- * Suitable for very intensive use, even outdoors.
- * The material is PVC with antibacterial certification and stain-resistant treatment.
- * Flexible cover, medium weight, jute texture.
- * Personalization on Patch or Metal label, or hot-stamped debossing, see pages 52-55.
- * Label customizations are free for orders over 18 pieces, both patch and metal."

CHEFS CREATE EMOTIONS, DAG STYLE BRINGS THEM TO THE TABLE.

Like a master chef presenting their dishes, this menu holder line highlights the menu with elegance and simplicity. The cover, made of regenerated genuine leather, the result of extensive research started in 1989, is now softer to the touch, while maintaining the same resistance and ease of cleaning. This material, with stain protection, certified and ecological, is at the top for resistance and durability.

This item is suitable for both indoor and outdoor environments, frequented by a lively clientele who appreciate an essential and refined style. It guarantees managers long-term durability, combining aesthetics and functionality.

The advantages lie in the perfect combination of ecology, elegance, and functionality, ensuring a feeling of solidity and cleanliness.

What to know about this item:

- * Suitable for intensive use, even outdoors.
- * The material is regenerated genuine leather with stain-resistant treatment.

CROCODILE BROWN FASHION LINE

A TIMELESS CLASSIC WITH SUPERIOR DURABILITY

BESTSELLER

The DAG FASHION line is made of regenerated genuine leather just like the CHEF line. This collection represents the pinnacle of the union between fashion, ecology, functionality and resistance in DAG products. The superior quality raw material and the stain protection make this line among the best on the market. This item is suitable for outdoor and indoor environments, with a particularly lively clientele ready to test the resistance of every object on the table. The main advantages include maximum durability, excellent washability and a classic style for any environment.

What to know about this item: Suitable for intensive use, even outdoors. The material is regenerated genuine leather with stain-resistant treatment. Flexible cover, low weight. Personalization with patch or metal label, see pages 52-55. Label customizations are free for orders over 18 pieces, both patch and metal. No other types of customization are available for this model.

CERTIFICAZIONE

GO-GREEN MENU HOLDER

The GO-GREEN line uses a regenerated material from recovered plastic (PET) transformed into a recycled and recyclable needle-punched felt with a soft velour effect to the touch, highly resistant, easily washable and hypoallergenic, complete with "OEKO-TEX STANDARD 100 Class 1 and REACH COMPLIANT" certifications. 1 DAG Style is always attentive to environmentally friendly production processes, choosing certified and eco-sustainable materials, with 100% Made in Italy manufacturing.

This article is suitable for all types of environments and is particularly appreciated in establishments that embrace ecology as a philosophy of life. Inside the label, there is a text attesting to the recycled origin of the material. The advantages lie in the exceptional durability over time, and it immediately conveys a sense of ecological sustainability, appealing to a select clientele.

What to know about this article: Suitable for very intensive use. The material is PET regenerated from plastic recovery. Flexible cover, medium weight, felt-effect texture. Personalization with patch label, see pages 52-55. Patch label customizations are free for orders over 18 pieces. No other types of personalization are available for this model.

Mediterranean art

Between land and sea, between the Mediterranean and continental Europe, through the languages of art and food, DAG Style creates menu holders that exalt Mediterranean art, generating magical atmospheres.

Forest Stewardship Council

washable

AS WITH JEANS LABELS

DAG Style reinvents the material used for jeans labels in the 'CUSTOM' eco-menu collection. This material is washable and durable, but just like jeans labels, it requires drying time after washing.

It is an ecological and lightweight menu holder.

This article is suitable for businesses with a respectful clientele, who appreciate the ecological aspect and the use of natural materials.

The advantages include a low cost, a clearly ecological appearance, and a lightness that makes it comfortable to use.

It is highly appreciated in high-end environments that love nature.

What to know about this article:

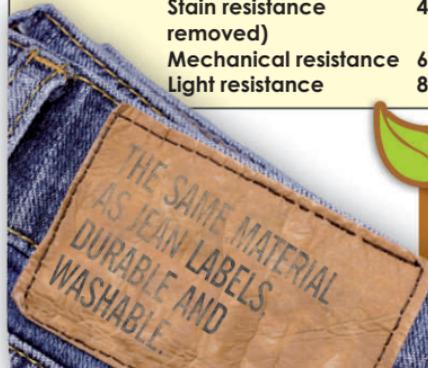

- Suitable for respectful use.
- The material is FSC certified cellulose fiber.
- Flexible cover, lightweight, textured feel."

Personalized labels free on orders of 18+, see pages 52-55

Technical evaluations (from 0 to 100)

Washability	100 (washable with running water and neutral soap, slow drying)
Water resistance	10 (this material absorbs water but does not change)
Stain resistance (removed)	40 (low stain resistance, but thanks to washability, lighter dirt is easily removed)
Mechanical resistance	69 (medium resistance to wear and tear, but not to cutting)
Light resistance	80 (excellent color resistance to sunlight)

CELLULOSE FIBER

Composed of a blend of raw materials derived from secondary production processes of the paper industry (virgin cellulose, secondary fibers, synthetic and natural latex). All virgin cellulose used comes from companies with FSC (Forest Stewardship Council) certification.

What to know about this article: Suitable for intensive use: This means the article is designed to withstand frequent and prolonged use, ideal for environments with high customer traffic. The material used is of excellent quality and durability: The materials are selected for their durability and ability to withstand wear. This line is embellished with handcrafted stitching that ensures greater strength and high-quality aesthetics. Rigid cover, medium weight, leather-textured finish: The rigid cover offers protection and a sense of solidity, while the leather-textured finish gives a refined and professional look. The medium weight ensures good handling. In summary, this article is an excellent choice for those seeking a durable, high-quality product with a refined design.

This article is suitable for demanding environments with a clientele attentive to finishes. This menu holder line, is made in Italy of Italian eco-leather with a rigid and stitched cover, and is extremely durable. The stain-resistant treatment facilitates cleaning, a characteristic common to the entire Gourmet line. DAG Style was inspired by historical models to rewrite the history of the menu holder, combining a minimalist design with classic materials and colors. The word "menu" on the cover, discreet and elegant, represents a meeting point between tradition and innovation, arousing charm and curiosity and inviting the reading of the list of dishes. The advantages lie in the combination of a refined, elegant and functional appearance.

The WOOD line has been designed to meet the specific needs of many restaurateurs, ensuring ease of cleaning, wear resistance, and effective stain protection. Additionally, we have addressed the demand for an immediate sense of elegance and prestige, thanks to hand-finished stitching and rounded corners, which enhance both durability and aesthetics. The hardcover design allows the menu holder to stand upright, semi-open and ready for consultation. This item is ideal for venues frequented by a clientele that appreciates elegance and classic style, enriched with trendy textures and colors. The advantages lie in its elegant and sophisticated design, featuring minimalist lines that enhance product presentation, reinforcing customer confidence in the venue's management.

This model can be customized with hot debossing print. See pages 52-53. Setup cost: €90.00 + €2.90 per piece.

[Customization on the back – See pages 52-55.](#)

This item is ideal for environments frequented by a clientele that appreciates simplicity and efficiency. With four hand-stitched corner inserts, it allows for immediate menu consultation, showcasing meticulous attention to detail. The advantages include ease and convenience in replacing the sheet. This menu holder is exceptionally wear-resistant, and its stain-resistant treatment ensures quick and effortless cleaning—a signature feature of the entire WOOD line.

Sanitizable

stain-resistant

Technical evaluations (from 0 to 100)

Washability:	95 (can be cleaned with a damp cloth)
Water Resistance:	75 (sensitive to prolonged contact with water)
Stain Resistance:	98 (excellent protection)
Mechanical Resistance:	90 (excellent durability)
Light Resistance:	98 (unaffected by sunlight)

Key Features of This Item Designed for intensive use. Made from high-quality, durable materials, this line is enhanced with handcrafted stitching, ensuring greater durability and a refined aesthetic. Hardcover, medium weight, wood-textured finish. This menu holder accommodates one A4 sheet, making it the perfect solution for venues offering a curated selection of dishes or an elegant wine list. It is particularly appreciated in gourmet restaurants.

Menu holder with stitched corner paper holders. Available only in A4 format.

cm 31,2

cm 22,5

This menu holder features four expertly rounded and hand-stitched corner paper holders, crafted by our highly skilled personnel. The rounded design enhances the visibility of the inserted sheet.

BICOLOR LINE

STAIN-RESISTANT TREATMENT

NEW

Genuine Regenerated Leather with Orange Peel Finish

The BICOLOR line, made of genuine regenerated leather, is ideal for venues that seek the highest quality for predominantly indoor use. This line offers a refined product, soft to the touch, with the classic DAG Style design. Its high stain resistance makes it extremely practical; however, prolonged contact with liquids and water should be avoided. The high-quality raw material and stain-resistant protection make this line one of the best on the market while maintaining a highly competitive price. This item is suitable for indoor environments and a diverse clientele that values quality and design. The main advantages include maximum stain resistance, lightness, and durability.

WASHABLE

FSC Forest Stewardship Council

washable

This item is suitable for all refined environments and is designed for a clientele that values high-quality materials. DAG Style reinvents the material used for jeans labels, which, like them, requires time to dry after washing. It is an eco-friendly, fashionable, and lightweight menu holder. The advantages are immediately evident, conveying a strong sense of ecological sustainability and respect for nature. Additionally, its clean lines and color combinations are particularly appreciated. Customization with patch label – see pages 52-55. Label customizations are free for orders over 18 pieces.

****How to customize your menu holders:****

1. ****Provide the logo file to be reproduced.****
The file must be in vector format (PDF, EPS, AI, CDR...) or photographic format (JPG, TIFF, PSD) if of good quality.

2. ****Specify any desired changes.****
Graphic design work for any changes:
€78.00/hour.

3. ****Confirm the draft.****
The draft will be considered approved within 24 hours of receipt unless otherwise communicated to DAG Style.

CUSTOMIZATIONS FREE FOR ORDERS OVER 18 PIECES:

FOR ORDERS UNDER 18 PIECES, SETUP COST €87.60

(ANY GRAPHIC DESIGN WORK €78.00/HOUR)

Rectangular patch label

The PATCH labels are made from cellulose fiber, the same material used for denim labels. These labels fully embody DAG Style's green philosophy. They are particularly suitable for customizations with highly detailed logos, available in both rectangular and square versions.

Example
Customized PATCH label
Natural rectangular

Example
Customized PATCH label
Black rectangular

The custom "PATCH" labels made from cellulose fiber are printed using digital technology in a single color (black on natural and white on black) to ensure excellent visibility and high definition of details.

Square PATCH label

The square PATCH labels are available only in the version with a black under-patch and a natural patch.

Example
Customized PATCH label
Square

Metal label

Mirrored steel for the label, which has now become a symbol of DAG Style menu holders. The clean lines and minimalist aesthetic make it an accessory that perfectly matches any texture or color of the menu holder. Standard available with the word "menu" in debossing.

Example
Customized METAL label

The GLOSSY METAL labels are customized using laser marking technology. On the "GLOSSY METAL" labels, the etched marking has a pale gold/browened colour.

Genuine cork – Hygienic and natural **NEW**

The material used for the production of this line of placemats is the perfect combination of two noble elements: genuine natural cork and genuine regenerated leather. Tests conducted to determine the optimal thickness of the layering of these two materials have resulted in a refined product that offers top-quality performance. The outer finish is achieved with a water-based treatment, making it stain-resistant while preserving its sustainable characteristics.

On lighter colors, highly pigmented substances may, in some cases, leave marks.

BLACK

TOBACCO

A CHOICE OF DISTINCTION

We are in constant motion, always moving forward, with ever-changing needs that put the flexibility of the objects around us to the test. In this unstoppable process, style and personality combined with practical requirements have driven DAG Style to create a new line of "Decorative Placemats" and placemats for the catering industry. The uses are many—just a bit of creativity is needed to furnish or enhance a bar counter, a restaurant table, a desk for your coffee cup, a bathroom to place courtesy products, or a kitchen for daily occasions. The Bull line is made of genuine regenerated leather with a thickness of 3.0 mm, the same material typically used to make belts. It feels flexible to the touch, immediately giving a sense of luxury.

What to know about this item:

The placemat-menu has been designed to facilitate table service by combining two products into one. It features a pocket made of crystal-clear material, extremely transparent and resistant to sunlight, where a menu sheet can be easily inserted and replaced. Available in two different sizes, it meets all space requirements. The manufacturing is strictly Italian, using certified Italian materials. This placemat is easy to clean and disinfect.

ROOM FOLDER

An innovative room folder, available in two sizes. The extra model is designed to hold standard-sized cardboard folders, while the A4 size is perfect for standard paper. Both sizes feature self-locking tabs that allow for the full opening of the folder. This system is very useful for easy cleaning or for facilitating the insertion of larger documents. This folder adds prestige and enhances the quality of the communication contained within it.

PRESERVE YOUR MEMORY

THE CHARM OF WRITING THAT DEFIES TIME.

Writing allows us to be completely ourselves, to express everything within us without fear or hesitation, something that can be difficult to do in person. Digital writing may be useful, quick, and efficient, but it does not convey our emotions, nor does it reflect our unique style and personality. The scent of paper evokes emotions that resurface with every rereading. The NOTE PORTFOLIO notebook is essential for those who cherish timeless and captivating traditions. The pen is mightier than the keyboard. Various researchers have confirmed that handwriting fosters richer and broader thinking compared to typing, as the mind engages differently due to the deep connection between thought and manual action.

TO COMMUNICATE WITH PASSION AND ART.

We live in a world where design can transform even the simplest product into a valuable piece of furniture. Communicating through a beautiful, well-designed object made with high-quality materials gives credibility to the message and the establishment. It is useful for displaying the Wi-Fi password, hotel services, the restaurant menu, and other communications to the guests.

PAPER CUP TRAY.

DAG Style invents, designs, and creates the Coffee Tray, an accessory that solves the everyday difficulties of transporting disposable cups for coffee or water. With an essential design, it immediately conveys functionality. Used like a painter's palette, it allows the transportation of up to 4 cups, placed in the appropriate holes, along with their respective spoons or sugar or tea sachets, simply resting between each cup. Extremely durable, washable, and easy to sanitize.

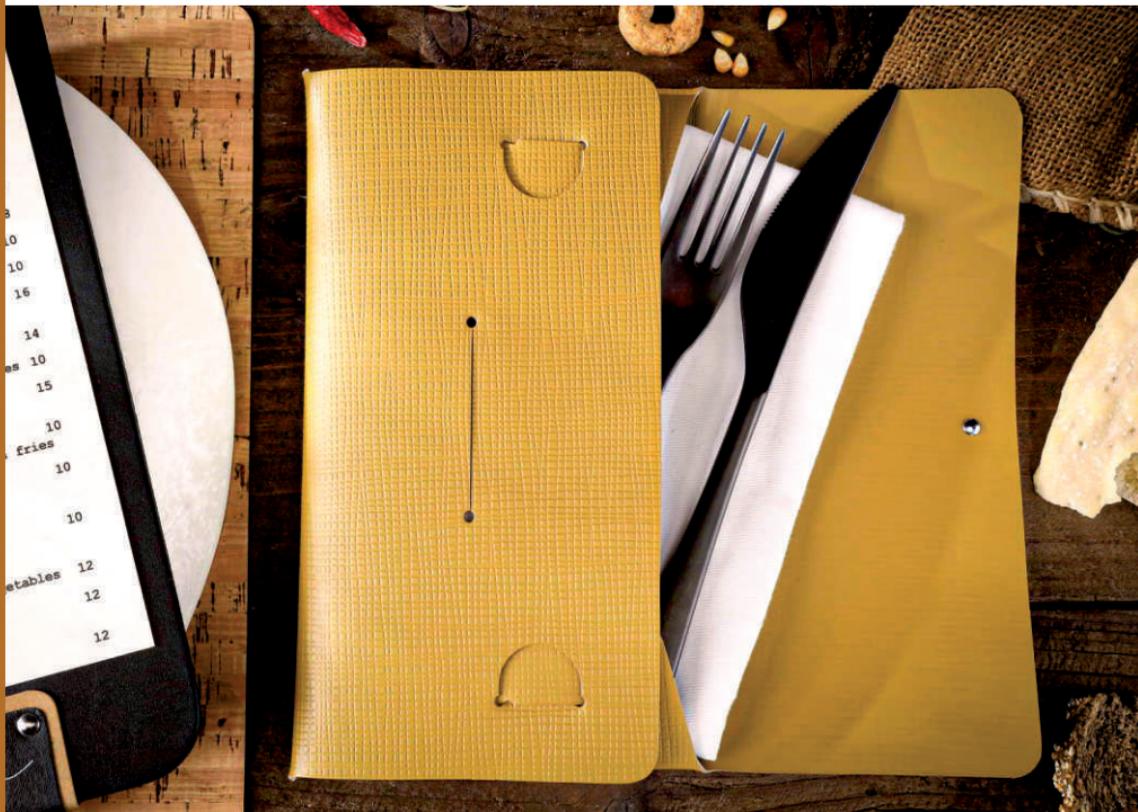

CLUTCH

case

DAG Style, attentive to the needs of restaurateurs, creates practical and functional solutions. The CLUTCH model is versatile and can be used as a cutlery and napkin holder for outdoor settings or as a menu holder with the list of dishes inside. Being foldable, it ensures hygiene and practicality.

AGILE

object tray

What you need to know about this item. The catchall is a versatile object that can be used in many ways: as a napkin holder, bread holder, pen holder, vase cover, holder for toiletries like shampoo, soap, and wipes, as well as for sugar, tea, and herbal tea packets. A simple yet incredibly useful piece of decor, it is hygienic, eco-friendly, and dismountable.

Diego Angelo Guerini
President

DAG Style's menu holders and table accessories are inspired by the latest design trends, bringing fashion into the world of HO.RE.CA. What was once considered merely a "support" object used to hold the menu is now a key element of hospitality, capable of adding a touch of style to the environment where it is presented.

YOUR NEEDS ARE OUR PROJECTS

DAG Style's long experience in the restaurant industry ensures a reliable choice.

Each product is made with:

- Carefully selected and certified materials that have passed rigorous durability stress tests.
- Materials treated with stain protection, making surfaces washable. Our tests have been conducted on stains from wine, oil, vinegar, soy sauce, sauces, mayonnaise, fruits, and other food items commonly used in the restaurant industry.
