Unbreakable drinkware

OONYQ

The Benchmark for Premium, Unbreakable Hospitality Drinkware.

In professional hospitality, there is no room for compromise. Every detail matters, from the first impression to the final drink served. OONYQ is created for environments where traditional glassware reaches its limits, but quality and presentation must remain uncompromised. Our unbreakable drinkware combines the clarity and elegance of real glass with the strength required for demanding, high-use settings.

Designed to perform day after day, OONYQ glasses offer a refined finish, a balanced weight, and exceptional resistance, making them suitable for both indoor and outdoor service. Each piece is made to support efficient service while maintaining a premium look and feel.

Today, OONYQ is trusted by luxury resorts, beach clubs, airlines, and high-volume venues worldwide. It is the choice of professionals who value reliability, consistency, and design in equal measure.

tritan™
RENEW
from Eastman

Advanced Material. Responsible Choice

OONYQ is crafted from Tritan™ Renew, an advanced copolyester produced using certified recycled content through molecular recycling.

This innovative process allows high-performance material to be reused without compromising clarity, strength, or food safety.

The result is premium drinkware that aligns with modern sustainability expectations while maintaining the demanding standards of professional hospitality.

Built for Where Performance Matters Most.

Trusted wherever durability meets design, OONYQ performs across hospitality and leisure environments where safety, operational efficiency, and visual standards must align.

Chosen for:

Luxury Hotels
& Resorts

Beach Clubs &
Poolside Concepts

Airlines &
Cruise Lines

Events & High-
Volume Operations

Yachting, Boating
& Marine Use

Premium Camping
& Outdoor Concepts

Designed to Last. Easy to Maintain.

OONYQ drinkware is developed for intensive professional use.
To maintain clarity and surface quality over time, appropriate care is essential.

Care Guidelines:

Dishwasher safe under professional conditions

Avoid abrasive detergents or aggressive cleaning agents

Do not expose to open flame or direct heat sources

Proper handling extends visual quality and lifespan

Premium Drinkware for Modern Hospitality

Our Promise. Without Compromise.

OONYQ represents a clear commitment to performance, reliability, and refined design. Every product is developed and manufactured according to stringent quality standards and tested for professional, high-demand environments.

Engineered to withstand the realities of modern hospitality, OONYQ is designed to outperform conventional drinkware in durability, safety, and long-term appearance without compromising aesthetics. Behind every OONYQ product stands a long-term commitment to quality, responsibility, and partnership.
